

Organizational Membership FAQ

About YNPN

Young Nonprofit Professionals Network (YNPN) Austin is a community dedicated to developing, connecting, and empowering individuals who are passionate about making an impact in the nonprofit sector. Through professional development and networking events, YNPN Austin supports people and organizations committed to strengthening their skills, building meaningful connections, and advancing the nonprofit community.

Our Organizational Membership program allows organizations to invest in the growth of their teams by providing access to YNPN membership benefits across their staff.

FAQs

What is an Organizational Membership?

An Organizational Membership allows an organization to pay one annual fee that provides YNPN membership access to all of its employees. Staff members can activate their individual memberships at no additional cost and receive all standard member benefits.

Who is eligible?

Organizational Memberships are available to mission-driven organizations that want to invest in staff development, networking, and leadership growth. While most of our organizational members are nonprofits, it is not a requirement.

What benefits do employees receive?

Employees who activate their membership receive the full benefits of an individual YNPN Austin membership, including:

- Free access to YNPN events
- Professional development workshops
- Networking opportunities
- Leadership and volunteer opportunities through YNPN Austin board involvement
- Access to member communications and updates

What benefits do organizations receive?

Organizations receive added visibility and engagement opportunities, including:

- Recognition on YNPN Austin's website
- Opportunities for event promotion (if applicable)
- Social media spotlight
- Ability to share opportunities on the YNPN job board

How does pricing work?

Organizational Membership pricing is based on the organization's annual operating budget, excluding in-kind revenue and restricted pass-through funds. This ensures accessibility for smaller organizations and scaling appropriately for larger organizations. Our annual pricing tiers are:

- Under \$500,000: \$250/year
- \$500,000 - \$2M: \$500/year
- \$2M+: \$750/year

If you're unsure which tier your organization falls under or would like to discuss pricing tiers, please contact community@ynpnaustin.org.

Once an organization agrees to be a member, what comes next?

Once your organization joins, our finance team will issue an invoice, and membership will become active upon payment. From there, we'll provide employee-facing materials to help you share this benefit with your team, along with a dedicated YNPN staff contact for ongoing support.

How long does the membership last?

Organizational Memberships are valid for one year. Employees who activate their YNPN membership during that year will receive a full year of individual member benefits from their activation date, even if the organization's membership expires before their individual year concludes.

How does renewal work?

Organizations will receive renewal outreach approximately 30-45 days before the membership end date. This includes a renewal reminder and instructions to continue membership for another year.

To get started, please contact community@ynpnaustin.org.
